

Ensuring all Arlington families have access to quality, affordable child care.

What can we do to increase the accessibility, availability, and quality of child care in Arlington?

Arlington's Child Care Initiative

Child care is a key component of a thriving, diverse community. For Arlington to remain competitive as the preeminent place to live, learn, work, and play in the region, the County Government is working with the community to develop solutions to address the **accessibility, availability, and quality** of child care in Arlington. We want you to be part of this effort to address Arlington's child care challenges.

Get Involved!

There are several ways YOU can be a part of Arlington's effort to improve the child care system:

- **Educate yourself:** The Child Care Initiative website is a great place to start. You'll find background materials, resources, meeting notices and more.
- **Stay up to date:** Sign up for e-mail updates to get the latest news, meeting announcements, and working group reports.
- **Participate:** Working groups will be tackling important issues and will frequently need residents, subject matter experts, and other stakeholders to share their experience and knowledge. This is a community initiative, and having active participation from all parts of the community is the best way to build a better child care system.
